### Bible Verse of the Month:

As God's chosen ones, holy and beloved, clothe yourselves with compassion, kindness, humility, meekness, and patience.  
Colossians 3:12

Do you have a morning routine for school? Maybe a grownup in your house wakes you up. Maybe you have a special order in which you eat breakfast, brush your teeth, pick out your clothes, pack your backpack. Maybe you sing a song in the shower, or sneak more time to sleep in the bed.

One of the things you can do every morning is remind yourself of this verse in the Bible. We are told to not only put on our jeans and our shirt, but to also clothe ourselves with compassion, kindness, humility, meekness and patience! We are invited to step outside into the world ready to be kind to others and patient when things get hard during our day.

That's not always easy. Sometimes I don't feel kind and I often don't feel patient. So we can pray. We can ask God to help us throughout the day. When we don't feel kind, we can pray. When we're frustrated, we can pray. And God will help us, because God always chooses to!

I love you, and God loves you, too.

# Juan Carlos Finlay

Dec. 3<sup>rd</sup>, 1833 - Aug. 20<sup>th</sup>, 1915

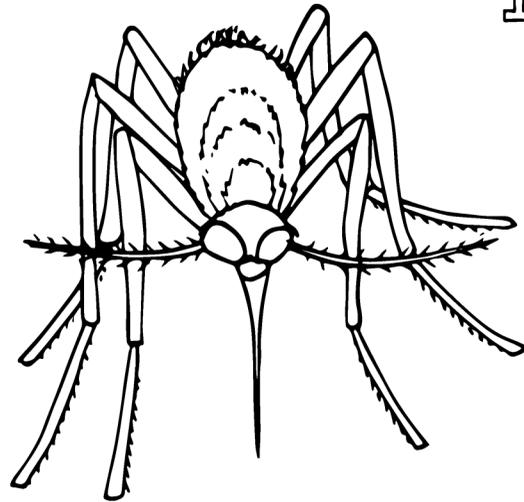

Juan Carlos Finlay was a Cuban epidemiologist who drew the first link between mosquitos and the transmission of yellow fever. Finlay graduated from Jefferson Medical College (Philadelphia, PA) in 1855 and returned to Havana to practice medicine. He observed that the illness coincided with mosquito season, but his theory was disregarded for decades. Finally, he and colleagues confirmed that the mosquito *Aedes aegypti* was the culprit, and saved many lives.
